Annual Report

July 1, 2022- June 30, 2023

A letter from the CEO Growing Together

Dear Friends,

As I reflect on my first year as CEO of this incredible organization, I am filled with gratitude and excitement. Over the past year, we have achieved remarkable milestones together, and I am eager to share our progress and vision with you. We can't thank you enough for all that you helped accomplish in the last year.

Despite the challenges we've faced following the pandemic, this year has been one of significant achievements. At the beginning of the year, we expanded the Critical Repair Program and introduced Aging in Place. We are now able to partner with older low-income homeowners to repair and modify their homes to ensure safety and independence as they age. This new initiative was met with overwhelming interest from the community setting in motion an exponential growth plan for our home repair programs. This year alone, we improved the living conditions of 66 households, a 164% increase from the year before.

With your help, we built 16 new homes, marking the highest number of homes constructed in a single year since the onset of the pandemic. These homes represent stable and affordable housing solutions for 16 first-time homebuyer families in Greater Cincinnati.

In the spring, we formed a partnership with CityLink to lead a workforce development program. The Habitat Construction Training Program empowers individuals to enter careers in commercial and residential construction. Our deep knowledge as a top builder paired with CityLink's expertise in removing

barriers to student success is creating brighter futures. We know that a strong construction workforce is critical to our vision of strong communities and affordable housing.

As we look forward, we are embarking on a season of unprecedented growth. Housing affordability is one of the most pressing issues facing our community, and with our ambitious strategic plan, we will rise to the challenge as an equitable and sustainable solution to the current housing crisis.

This year, we will take advantage of one-time relief funding from the State of Ohio and Hamilton County to build and repair more homes. The generous gift from Mackenzie Scott will allow us to grow our team immediately and sustain expanded operations. The opening of the sixth Habitat for Humanity ReStore in Loveland will provide additional revenue needed to create more opportunities for affordable homeownership in our community.

As we look ahead to the challenges and opportunities of the coming year, we do so with confidence, knowing that our shared commitment to affordable housing and building community will continue to make a profound impact. Thank you for joining us on this journey. Together, we are changing lives, and building a stronger, more vibrant Cincinnati.

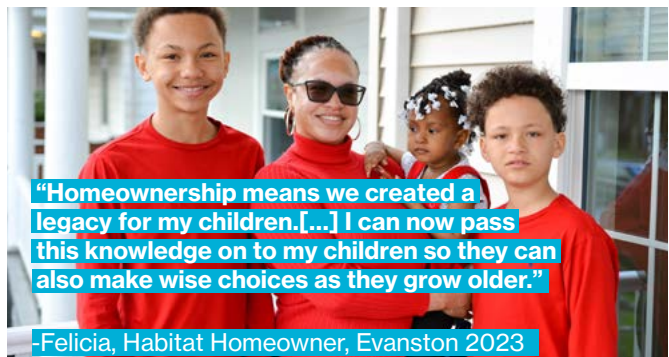

With gratitude,

Joe Hansbauer
 President & CEO

Your Impact: Programs & Services

Creating Affordable Homeownership

"Homeownership means we created a legacy for my children. [...] I can now pass this knowledge on to my children so they can also make wise choices as they grow older."

-Felicia, Habitat Homeowner, Evanston 2023

16

families became first-time homeowners through the Affordable Homeownership Program

Your Impact: Programs & Services

Preserving Affordable Homeownership

33

military families improved their home through the Veteran Repair Program

25

households participated in the Aging in Place Program (NEW)

33

households partnered to complete home preservation projects through Rock the Block

Your Impact: Programs & Services (NEW)

Construction Training

The Habitat for Humanity Construction Training Program, or CTP, is a workforce development initiative designed to train and prepare individuals for careers in the construction industry over a 4-week period. The Construction Training Program helps further our mission to build stronger communities and provide affordable housing solutions to families in need.

This year 12 students graduated from the first pilot sessions ready to enter the workforce.

Your Impact

Volunteers

1,930

individuals volunteered their time on build sites, Habitat ReStores, and in support roles

30,941

hours served by volunteers

\$902,549

the value volunteers gave to the organization based on the Ohio Value of Volunteer Time Report

Your Impact

ReStore

33,352

people donated items to the ReStore

89,688

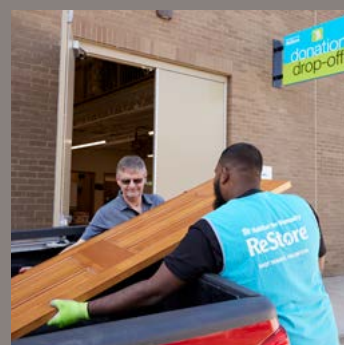

people shopped at the Habitat ReStores

4.7 million

pounds of material was kept out of landfills

This year, the Habitat Greater Cincinnati ReStore net earnings equaled the direct cost of building four homes!

Your Impact

Faith Communities

Faith groups have always been a central part of our organization at Habitat for Humanity of Greater Cincinnati. Today, hundreds of faith partners live out their values by supporting the mission of Habitat.

All across Greater Cincinnati, faith congregations work individually and together as coalitions to both fund and build Habitat homes in partnership with first-time homebuyers.
