Companies are encouraged to give more if they are able and we thank you for keeping Habitat in mind while pursuing your corporate social responsibility goals.

Teams contribute a tax-deductible donation to cover the cost of materials and supervision for your build day experience. This support also allows us to continue to provide affordable housing opportunities for families with limited incomes and establish safe neighborhoods. With high housing and land costs in most of the tristate area, sponsored build days are crucial in helping us to serve more families.
