

# ROCK THE BLOCK

HOME IS THE ROCK

## Saturday, October 10, 2020

As a result of COVID-19, 300+ million people have been asked to stay at home through “safer at home” orders. Everyone has been forced to consider the fundamental importance of home — of having safe, decent and affordable shelter.

But many of our homes have become so much more – offices, schools, restaurants, and playgrounds. **Home is Our Rock.**

But families in homes that are not safe and secure are **on shaky ground**. Economic and health risks are many, to say nothing of creature comforts like high-speed internet and meal delivery.

To support and advocate for more affordable and safe living for all our neighbors, we are adapting our popular Rock the Block event this fall to create **Home is the Rock!**

Home is the Rock will feature advocacy, clean-up, and community projects. We’ll come together – physically distanced but socially connected – in a variety of activities that families and groups can do together, inside or outside their homes. This could be painting, litter and vacant lot clean-up, and advocacy for affordable housing in our communities.

Home is the Rock calls all neighbors to **stand up and fight for more solid ground for our neighbors**. Home is the Rock events serve as an extension of Habitat for Humanity’s neighborhood revitalization efforts.

**Everyone deserves a decent place to live!**
