

## build up our community

**Women Build: March 1-10, 2019**

Since 1991, Women Build volunteers from all walks of life have come together to build stronger, safer communities. Our goal with Women Build is to empower women to help families build strength, stability and independence. We at Habitat have the ability to provide opportunities for hands-on learning, and given these tools, women can succeed in changing their communities.

Though our neighborhoods are comprised largely of women and children, they are also the populations most likely to be affected by poor living conditions. Our Women Build program will provide the opportunity for women to take a proactive step in serving their communities.

Women Build opportunities are available in the Tristate and any woman who wants to learn how to build and construct a home is invited to join us. No experience is necessary. Volunteers work under the guidance of construction professionals, and also alongside other volunteers and future Habitat homeowners. Whether you are learning new skills or simply adding a few to your tool belt, this is a rewarding experience for all involved, and improves the community that you share.

Women Build is also a terrific way to involve your friends and family of all ages in crucial work with a lasting impact. Women

helping women sends a positive and powerful message. You can also come alone, and make new friends. The atmosphere is collaborative and friendly.

**Are you ready to build with us?**
